

## Autumn Pittman Releases New Tribute Microphone To Honor Late Father, Aspen Pittman

**December 28, 2022**

In honor of the late Aspen Pittman, known for his legendary microphone designs, Autumn proudly presents her father's perfected classic: The AP 1B-FET microphone.

The mic is based on one of Aspen's original designs with modern improvements for greater efficiency and quality.

The AP 1B-FET is still done on the original tooling with an all brass vintage capsule designed to capture natural vocal tones, it is the perfect microphone for professional and home studios alike!

Additionally, each purchase includes a shock mount, a hard mount and pop filter plus a moisture resistant aluminum carrying case; so you can keep your investment safe while enjoying yourselves between sessions!

It's time to experience the AP 1B-FET, order now and be one of the first to own this amazing tribute to a legendary designer!

**Official launch January 25, 2022**  
**USD \$749.00**

### AP 1B-FET Features
